DETAILED ACTION

Allowable Subject Matter

Claims 1-5,7-12,14-17 and 19-20 are allowed over the prior art.

The following is an examiner's statement of reasons for allowance:

The independent claims 1, 9 and 16 are allowed because the applicant canceled the claims 6, 13 and 18 and incorporate the allowable subject matter recited in the claims 6, 13 and 18 into the independent claims 1, 9 and 16 respectively (see reason for the indication of allowable subject matter stated in the previous office action dated on 10/2/06). Claims 2-5, 7-8, 10-15, 17 and 19-20 are dependent on claims 1, 9 and 16 respectively and are allowed accordingly.

During the updated search the examiner found that the prior art does not teach or suggest the radiation beam source positioned respect to the electrical probe tip such as to simultaneously radiation stress the portion of the electrical product other than the electrical contact portion of the microelectronic product as shown by Figs. 5A and 5B.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
